

# Outerwear

**WINNER:**  
**PORT AUTHORITY**  
**WATERPROOF**  
**SOFT-SHELL JACKET (J798)**

Supplier: SanMar (asi/84863)

This fully waterproof, windproof jacket delivers complete weather protection without the bulk. Made with polyester interlock bonded to microfleece, this three-season soft-shell has a color-blocked style. "Versatility and customization are always important when creating solid outerwear, but soft-shells in particular are all about details and tech appeal," says Shelley Renning, general merchandising manager at SanMar. "Pockets and access for media gadgets, ergonomic zippers, a welded pocket construction, a snap-off hood, and hem and cuff adjusters are just a few of the features we've incorporated in this tech-driven jacket."
